## EURO-WAVE™ - PMR 446 Transceiver

For commercial or recreational activities *EURO-WAVE™* is an essential communications tool giving you immediate contact and instant response with other users in your system.

Despite being the smallest and lightest PMR446 transceiver in Europe, *EURO-WAVE™* offers the full power available on PMR446 service. With its large display and menu driven options ease of use is assured.

Housed in a tough rubberised non-slip case *EURO-WAVE™* is available in serviceable black, high-visibility yellow, or distinctive blue.

Supplied with non-removable antenna, user guide, rear clip and carry strap.

Equip today and take advantage of this low-cost instant communications system.
